## MISSION

To identify, develop and provide top-of-the-line products and services that benefit animal, plant and human health and improve the quality of life of all stakeholders involved in society.

## VISION

To be a constantly growing company, a leader in all the markets where we work, widely recognized for the excellence in the quality of our products, the professionalism of our services, as well as the fulfillment and support of our agreements.

In our pursuit of excellence and continuous development, we are committed to quality, the environment and safety, keeping maximum efficiency in processes and ongoing training of all the members of our staff. We try at all times to contribute positively to our teams, investors, markets and society as a whole.
